

They can be but temporary, and that with the influx of currency likely to follow after the demarcation of the first quarter of the year, money will become a drug in the market. Our equals and friends have been much exercised about the speculators for a rise have been accommodated at unreasonably low rates, it is only fair that they should pay a higher premium. The fact is, however, that if speculators are justified in this latter class of gentlemen, of course do all in their power to keep up present energy so long as it is to their interest. The public, however, who consider that the present hardness is not unjust, yet insist that the movement is illegitimate, and sprung from the want of a few leading capitals interested in lower values of stocks, to make money by re-telling it, and point various instances of such conduct, are not without some reason in doing so.

WORLD-WIDE FAME.

All of my preparations are meritorious. A period of twenty years has PROVED THIS to be the case.

See remarks made by Benjamin Travers, F. R. C. S. &c. Speaking of those diseases, and diseases arising from the excess of mercury, he states that no remedy is equal to the Extract of Sarsaparilla; its power is easily exchanged for transparent and marble purity by the use of Hagan's Magnolia Balm. Its effects are charming. Why not restore, save, and soften your hair which is to be done if you use Lyon's celebrated Katherina.
